|--|--|

If you test Positive for any substance that you are not prescribed, YOU WILL BE REQUIRED TO HAVE IT LAB VERIFIED.

YOUR COLOR IS ORANGE

TYPE OF TEST _____

5) Testing times and the colors called will be included on the recorded message. When you arrive at the Testing Location you will be required to sign in and provide a valid form of ID. After signing in, you will be allowed until End of testing of that day or 3 attempts to produce a specimen. If you do not produce a testable sample at that time it will be considered a failure to produce. (No refund will be given).

Please come prepared to produce a specimen. Technicians will not accept specimen volumes lower than 30ml. and not within proper temperature range.

6) After signing in, you will not be allowed to leave the testing area. Doing so is a failure to produce.

7) All participants will be closely observed during the testing process. You must allow the technicians reasonable observation for the specimen to be accepted.

9) You may be asked to remove or hold up baggy clothing as not to obstruct viewing collection. We also reserve the right to ask you to empty your pockets. No personal items may be taken into the restroom. Suspicious collections are subject to further action. (Examples: searching and confiscating any items used to smuggle samples, and reporting this to referring agency or judge.)

10) Technicians have the right to refuse to test any participant who does not fully cooperate.

11) **NO TALKING ON CELL PHONES AT ANY TIME.**

12) You must produce prescriptions for any medications you are currently taking. They must be current and accompanied by the prescription or a print out from your pharmacy.

I have read and understand the above requirements:
